

Bassano Sailor Member Of Churchill Convoy

Received Gift of Cigarettes From President Roosevelt

The Recorder had an interesting interview with Tom Peggall on Tuesday, when he brought with him stories of various experiences he has had since leaving his home in the Bassano dam, just one year ago. He is the second fellow from this town to see service overseas and return home for furlough.

"One event that I will never forget," said Mr. Peggall, "is seeing both Mr. Churchill and President Roosevelt on the H.M.S. Prince of Wales in August. I was an able seaman on one of the British prime minister's escorts across the Atlantic. As we came to our destination, we could see the American warships which accompanied President Roosevelt, awaiting our arrival.

"Sunday was a bright sunny day when crews of the British warships were ordered aboard the Prince of Wales for church service. It was then I saw these two great men. High officials of both governments also attended the service with their leader. The cause of his infirmity, the President was assisted by a naval officer. We each received a personal gift of cigarettes from Mr. Roosevelt.

"We found the American sailors to be very friendly, and when paying one of their visits to the ship, we went on Monday, they loaded our pockets with cigarettes as we came up the gangplank. They were guests at a chicken dinner, and finished off the day with a show on their ship.

"The American president's son came aboard our ship for an inspection, and we found him to be a very interesting fellow.

"Since leaving Bassano, Sept. 1940, Tom has been through the elementary naval training with the Royal Canadian Navy. He was then drafted for overseas, and was stationed at a sailors' barracks at the southeast port in England. While in training, the King and Queen inspected the Canadian seamen. Last March he boarded a warship which has been on convoy duty ever since.

After a short leave Mr. Peggall expects to rejoin his ship.

Bassano Boy Cadets Show Keen Interest

The boys of the Bassano Boy Cadets, according to a recent inspection report are showing a great deal of improvement and interest in their cadet work. A total of 33 boys are now enrolled in the local cadet corps, 21 juniors and 12 seniors. While two of the boys are marked as A.W.O.L. on the last report, there are still 31 qualified cadets in the corps.

The report shows "very good" in physical training, squad and section drill, platoon drill, marching and drill, ceremonial drill, and "excellent" in rifle exercises and interior drill.

Summary of the report says, "an exceptionally well-drilled and enthusiastic corps, well equipped for parade, keen interest in their activities."

Also in the report is a good word for Instructor Redmond, who follows, "The instructor has done a great job of the corps has pulled it back into excellent shape in only a short time for even better success in the future."

ALBERTA POOL PAYS ALBERTA GOVERNMENT

Payment of \$453,400 was made by the Alberta Wheat Pool recently to the Alberta government in full of the September instalment of principal and interest due on the indebtedness to the Alberta government, incurred by the 1929-30 Pool payment.

This is the tenth annual payment of principal and interest that has been made by the Alberta Wheat Pool. Every instalment has been made on the due date.

TO TALK WAGES

Wages of truck drivers will be the subject of discussion to be held by employers and the Industrial Relations Board of the province in Calgary, Lethbridge and Medicine Hat and Edmonton this month. Under the chairmanship of Clayton Adams, the Board has won pay raises of \$148,000 in 1940 and \$148,000 in 1941. The Board has collected \$27,000 in back wages for workers. More than 7,200 investigations were carried out in the same period.

USE OF HARVESTER BE CONSTANTLY SPREADING

When the combine has been first introduced into Alberta, its use was confined to the comparatively level, semi-arid prairie of the south. Gradually the area was expanded west and north until now combines are used in the majority of the wheat districts of Alberta. The first combine used ever to be delivered a Gibson, five miles north of Edmonton. It was received by the Alberta Pool elevator at that point recently. The wheat was combined by Jim Hood, one of the best farmers of the district, who has a located six miles east of Gibson.

Junior Red Cross Out For Aluminum

Wet weather held up the members of the Bassano Junior Red Cross last week in their drive to gather in all the aluminum pieces in the town itself, and it looks as though they may be held up for a while longer. However, as soon as the weather permits, Juniors will be around and they ask that if you have any aluminum for them, that you have it ready in order that the gathering will not take any more time than is necessary.

The Red Cross is again recruiting the people outside of town, that it will be impossible for them to reach the outside districts and ask that they arrange to bring or send any scrap aluminum into Bassano.

MAKEPEACE

(By Our Correspondent)

Mrs. A. W. Campbell was home from Medicine Hat over the weekend.

Mrs. Mabel Jones of Gleichen is in the hospital here. Mrs. J. G. Campbell and Miss Jane Jorgensen were visitors at the home of Mrs. Hethcote on Sunday.

Mr. and Mrs. Ernie Brooks were visitors to Bassano on Monday.

Visitors at the home of Mr. and Mrs. E. H. Macdonald on Sunday were Mrs. Dorothy, Rena and Verne, Miss Vera Mullen and Betty Drummond, Edgar and Alvin Mullen and Harold Hall.

Mrs. Orla Stewart, who has been visiting her parents, Mr. and Mrs. E. Bray, left at the first of the week to return to her home in the North Carolina.

Mr. and Mrs. Seely spent Sunday at the home of the latter's parents, Mr. and Mrs. Thew of Redoubt.

Mr. and Mrs. T. Mullen were visitors at the home of Mr. and Mrs. W. Campbell on Sunday.

Mr. and Mrs. Harn Jorgensen visited friends at Standard on Sunday.

Mrs. Tierney and Joe were visiting on Tuesday over the weekend. Mr. Joe is in the hospital here.

Mr. R. L. Arison and son Leroy spent Sunday at the home of Mr. and Mrs. F. Bulger.

Mr. Tom Mullen, Mr. and Mrs. J. R. Mullen, Miss Vera Mullen and Betty Drummond were visitors to Brook on Tuesday.

Bill Brockbank returned home on Tuesday after several days as patient in the Bassano Hospital.

RED CROSS MEET

The last Red Cross meeting was held at the home of Mrs. Seely. The list of articles turned in for the 11th pair of men's pyjamas, 10 pairs of pants, 1 knitting bag, 2 dresses, 2 boleros, 2 pairs of men's socks, 1 romper, 2 quilt tops, 3 turtle-neck sweaters, 4 pairs of children's pyjamas, 1 baby set, 1 sleeveless sweater, 1 pair of socks, 2 pairs naps and 1 baby sweater.

The next meeting will be held at the home of Miss Tierney, on September 24th.

PRESENTATION MADE TO TOMMY LAMONT

Tommy Lamont, formerly the accountant at the local branch of the Royal Bank was presented with a camera by the Bassano Boy Cadets for their application of his services as an assistant instructor of musketry. Mr. Lamont returned to his home in Edmonton for a short holiday before returning to the RCAF.

PIEASANT SEASON OPENS

A short open season on cocking pheasants has been announced by the Game Branch, Department of Lands and Mines. These game birds are thriving well in certain sections of the province, and the season will be open on cocks in two sections—the deep south and the area centered by Edmonton. Sportsmen are asked to cooperate with the branch and with the Alberta Film and Game Association in the protection of the season and bag rules for these and other game birds. Regulations are obtainable from license wardens and game guards.

Perrin Baker, former minister of education, and his family, will reside in future at Vancouver, B. C.

More than 80 types of mosquitoes are known on this continent.

EFFORTS OF MODERN WAR Behind the sights of his hostilities, a Canadian artilleryman at an eastern training camp rehearses attacking tactics. In his gas-repellent equipment, he adopts the appearance of a mythical Man from Mars.

All Grains Except Wheat Record Rise In Price

With one notable exception, price of grains on the North American markets have advanced sharply during the past few weeks, some of them to the highest levels in years. Grains except wheat, the current release today by the Pioneer Grain Company Limited, the single exception in the price of wheat on the Winnipeg wheat market. Far from rising, Winnipeg wheat prices have declined since the beginning of the new crop year.

While it is impossible to give a fully adequate account of what has been taking place, certain factors appear to have been of dominating importance in recent market action. Among these may be placed:

Rising demand in both Canada and the United States for certain types of agricultural products, particularly those derived from animals, which in turn has stimulated the demand for feed grains and food stuffs generally;

Conservative measures by the United States government to support the price of surplus commodities like wheat and cotton;

The general upward tendency in commodity prices, which some attribute to inflationary influences.

The Pioneer review then goes on to discuss some of the reasons why Winnipeg wheat prices have not risen. One reason is that there is now no important competition between Canadian and United States wheat and therefore no force tending to keep prices in line. The United Kingdom for example, depends almost exclusively on Canadian wheat and there has been no suggestion that the United States wishes to share in that market. It used to be, of course, that if United States prices rose too much above Canadian prices there was always the possibility of importing Canadian wheat under the tariff of 42 cents per bushel. But in May air gunner's dispatch. This was presented to him last Saturday at No. 7 bombing and gunnery school.

BORN AT THE HOSPITAL

To Mr. and Mrs. Harry S. Heryford Gem, a son, on September 12, 1941.

To Mr. and Mrs. Tony Sky, of Paulson, Man., a son, on September 12, 1941.

To Mr. and Mrs. Eron M. Andrus Gem, a son and daughter, twins, on September 18th, 1941.

To Mr. and Mrs. Eron M. Andrus Gem, a son and daughter, twins, on September 18th, 1941.

E.I.D. - Bow Valley Schools To Open Sept. 22nd.

ITEMS OF LOCAL INTEREST

(By Our Correspondent)

Al Calor is on call for the Air Force.

Miss Lou Wilson of Calgary is visiting Miss Annie Zwer.

E. A. Beck of Calgary is a visitor in Bassano for a few days.

Miss Hazel Barlow is visiting her parents, Dr. and Mrs. B. Barlow.

Mr. George Scott was a visitor in Calgary on Tuesday of this week.

Jack Spence of Carlton has been visiting the station during the holiday season.

Mr. and Mrs. Baines have returned home after spending a vacation in Vancouver.

Irving Young has rented the McCulloch house at John Zwer has purchased the Stinson house.

Miss Victoria Thompson, Calgary has resumed her music classes in Bassano for the ensuing year.

Mr. Joe Conn of Medicine Hat was visiting his brother, Mr. Louis Conn for two days last week.

Mr. A. Colodziej of Medicine Hat is replacing Mr. T. Lamont as assistant at the Royal Bank.

A number of Bassano men motored to Hazzar last Friday afternoon to attend a Masonic meeting.

Robert Bess of the RCAF was in town over the week-end visiting his parents, Mr. and Mrs. H. D. Bess.

Corp. William McCullum of Gleichen was in town the first of the week-end acquaintances in Bassano.

Mrs. M. MacLeod of Medicine Hat was visiting her parents, Mr. and Mrs. B. MacLeod, last week.

Mrs. Margaret Rennie returned on Tuesday from Medicine Hat, where she was visiting relatives and friends.

Mrs. McCullough and children have returned home after spending the summer on their farm at Springdale.

AC2 Ben Plummer was in town over the week-end visiting his parents, Mr. and Mrs. Ben S. Plummer and friends.

Mr. and Mrs. Hahnford and daughter Shirley were visiting the parents, Mr. and Mrs. B. Hahnford, last night of the week.

Ted Stiles, having passed his civil service examinations, left for Calgary on September 17th, to take up duties in the Post Office.

S. L. Montpetit of Edmonton, is the temporary assistant agent at the Bassano depot. He is replacing Mr. Leude, who has moved to Lethbridge.

Mrs. T. N. Thompson, Mrs. Art Simons, Mrs. Irvine Young and Mrs. W. Redmond were the guests of Mrs. Angus Smith of Lethbridge on Wednesday afternoon.

Dr. H. W. deRenne of Calgary, and J. W. Scott of Saskatchewan, spent a few days shooting in the Bassano district. They were the guests of Constable R. Allan.

Mr. and Mrs. H. B. Leude and daughter Cecile, have left Bassano to take up residence in Claresholm. Mr. Leude has been appointed assistant agent of the C.P.R. there.

Mr. and Mrs. H. B. Leude and children, Betty Ann and Billy have returned after spending a month's holiday with Mrs. Leude's parents, Mr. and Mrs. McEwen of Vancouver.

Misses Betty and Jean Johnston were Calgary visitors over the week-end. Miss Betty Johnston returns to her home in the Sunbury and Miss Jean Johnston returned home.

Donald Robert Donaldson, who has been visiting his father, Mr. J. R. Donaldson for the past few days, has been visiting his father, Mr. J. R. Donaldson for the past few days.

ADDITIONAL DORM SPACE PROVIDED FOR RURAL BOYS AT BASSANO

From information received from the secretary of the E.I.D. and the Bow Valley school division, it is definite that schools will be re-opened for the fall term on Monday, the 22nd of September. This will be welcomed by all teachers, parents and even children.

The enrolment at the various dormitories is expected to be larger this year than ever before, and in Bassano another house has been rented to accommodate the boys. With there being too many girls, it will be impossible for them to occupy the top floor of the old dormitory.

The matron, Mrs. Buck, is returning to the Bassano dorm, and Mr. Mowatt will be in charge of the boys at their new residence. The Dormitory division is working with a new matron called Mrs. Rahm in charge. Broke's dormitory will be under the management of Mrs. P. Durst, who was the matron last year. The new dormitory matron has not been appointed at the time of this writing.

New Schools in E. I. District Will be larger than ever before, and in Bassano another house has been rented to accommodate the boys. With there being too many girls, it will be impossible for them to occupy the top floor of the old dormitory.

Home economics and a shop course will be offered at Chumy and Brooks, and it is hoped that the new school will be offered at Bassano although nothing definite is arranged at present.

Li-Col. Jull

In Gen Tuesday

Li-Col. W. K. Jull, of the Tank Regiment at Calgary, will make a special trip to Gen on Tuesday, the 23rd of September, for the purpose of explaining the benefits to company leaders in the Active Service Force.

Mr. Gen will be obtained at the different trade well advised to arrange for the parents, Mr. and Mrs. Ben S. Plummer and friends.

Mr. and Mrs. Hahnford and daughter Shirley were visiting the parents, Mr. and Mrs. B. Hahnford, last night of the week.

Ted Stiles, having passed his civil service examinations, left for Calgary on September 17th, to take up duties in the Post Office.

S. L. Montpetit of Edmonton, is the temporary assistant agent at the Bassano depot. He is replacing Mr. Leude, who has moved to Lethbridge.

Mrs. T. N. Thompson, Mrs. Art Simons, Mrs. Irvine Young and Mrs. W. Redmond were the guests of Mrs. Angus Smith of Lethbridge on Wednesday afternoon.

THE URGENCY OF WAR SAVINGS

While "we are in the presence of a crime without a name" it would be a major tragedy to lose both the war and the peace. That is the ominous probability of a headlong plunge into a period of wartime spending. A greater degree of saving is an urgent need of the moment.

The cry from all the lips that speak to us across the northern-land of the Atlantic ocean is for more and more materials. Our ability to produce the materials of war in satisfactory quantity is limited by our physical capacity and time. Our only hope lies in diverting peace time operations to war time requirements.

Diversions of productive facilities is effective in either of two ways, voluntary or otherwise. Financial measures, such as by taxation and borrowing, are useful and play an important part, but the part they play is dependent upon the measure of public support they receive.

In the Victory Loan drive, Canadians added to their laurels, and the measure of their effort in this direction will make pleasant reading when the final figures are issued from Ottawa this month. That, however, is water over the dam, and War Savings is now in need of support. This is the movement in which the greatest number of Canadians can put their shoulder to the wheel.

War Savings is a twice blessed effort in that dollars invested in War Savings Certificates do double service: they do not compete with the war effort and they stand ready to take up the slack for the peace-time readjustment. Dollars diverted from non-essential spending at this time leave room for the expansion of production needed for the men overseas.

"Don't you wish we could shorten the war?"

He: "Well, in a way we can, you know."

She: "But, George, we're not trained to do anything..."

He: "Training doesn't matter for what I'm thinking about. I was wondering whether we couldn't put more of our income into War Savings Certificates."

She: "And why not? We might have to go without one or two pet luxuries—but wouldn't it be worth it to bring back peace again?"

He: "And won't we be glad of the money—and the interest it will have earned—in a world without war restrictions?"

The help of every Canadian is needed for Victory. In these days of war the thoughtless selfish spender is a traitor to our war effort. A reduction in personal spending is now a vital necessity to relieve the pressure for goods, to enable more and more labour and materials to be diverted to winning the war. The all-out effort, which Canada must make, demands this self-denial of each of us.

SPEND LESS — TO BUY MORE
WAR SAVINGS CERTIFICATES

War Savings Bomb Prepared

Picture shows a 500-lb. bomb in the War Savings exhibit at the Canadian National Exhibition being photographed, carrying the names of thousands of Canadians and Americans who purchased War Savings Stamps or Certificates at the "Ex". The bomb will later be sent to carry out its "V for Victory" mission over Berlin, paid for by Canadian War Savings.

The Week in EDMONTON

STILL DANGEROUS

Although the number of polio-cases is decreasing, provincial health authorities are strongly warning parents against permitting children to congregate in groups. "Keep them in their own backyards" is the advice offered. Together with the injunction to prevent over-tiredness through in-late activities, the purpose of the season now materially shortened, education officials are working on a stepped up schedule of teaching in the hope of making up lost time between opening day and Christmas.

COURSE FOR WOMEN

Two classes of 20 women students will be open for registration within a few days at the Technical School, Edmonton, for the purpose of training girls for special aircraft work. The course will last ten weeks. At the aircraft repair depot in Edmonton, there are about 100 vacancies for trained women and the demand is expected to grow as activities increase. This course offered is designed to fill these demands.

NORMAL SCHOOL OPEN

Alberta's Normal School opened September 15th, for students 18 years old and over. Younger students have been asked to register September 22. Decision to open the school was made after the Provincial Board of Health had acted in the Polio-cases situation. It is expected that students registered in Edmonton will number 310 and in Calgary, 215. A total of 525 for the province. Because of military needs, the schools proper will not be utilized and classes will be held in other buildings.

For the information of the public, the Alberta Department of Health has issued a statement on sleeping sickness, or encephalomyelitis in horses and humans. A summary follows: There are two types, eastern and western. The eastern type is caused by a distinctly different virus than the Western. Clinically, the Eastern is

ADVOCATE FREE HOSPITALIZATION FOR CANCER

When this province is able to supply cancer sufferers with free hospitalization, there will be in addition to the existing clinic services, "Alberta will become one of the leading world centres for the treatment of cancer." This was told to doctors in annual convention at Edmonton by Dr. George H. Malcolm, renowned radiologist and Director of the Provincial Diagnostic Clinic. Dr. Malcolm said the free clinic at Calgary and Edmonton, 800 persons had received treatment. "Only 500 who applied were suffering from cancer, and 265 will receive treatment."

"The majority who applied to the clinics were found to have cancer, were on the average eight months too late. There is no hope for 28 of these unfortunate people. There is a good chance for the others," said Dr. Malcolm.

Also speaking on cancer, was Dr. C. K. P. Henry, assistant professor of surgery at McGill and Dr. T. C. Bouley, general secretary of the Canadian Medical Association. Both agreed that early treatment is essential for sufferers.

much more severe. A wide range of animals including birds may suffer. Man can contract the disease from animals. Biting insects may transmit it, as may horses by contact.

Sleeping sickness takes about two weeks to materialize after exposure. It appears abruptly usually with fever of 105-106 F and severe headache, or generalized aches and pains, cramps, vomiting, with or without bowel movements. Sleepiness sets in after three or four days. It is preceded usually by the excitement stage—irritability, restlessness, tremors, muscle twitching, sometimes delirium and convulsions. Light hurts the patient's eyes. With the Western type, about 80 per cent will recover after the acute stage; 20 per cent will make part recovery over several

(Continued on Page three)

Finance Minister Ilsley Says Must Save More, Spend Less

Canada's pay as you go policy of financing the war as far as possible is providing between 70 and 80 per cent of the total cost. Finance Minister Ilsley said at Saskatoon, in opening the Fall campaign on behalf of War Savings. To bridge the balance the Government is appealing to the people for savings and loans.

The willingness of the Canadian people to finance the war was the first of four major developments since the outbreak of war listed by the minister. The other three developments were:

The sharpening with which the issues of war have been defined; the co-operation of the United States; and the inspiration of the heroism of the British people.

Speaking of the clarification of war aims, Mr. Ilsley declared the war has become a war between the principles on which the opposing nations are founded.

"The German Empire has adopted its practices evil as a matter of principle. The Nazi philosophy, if such it can be called, repudiates the Christian ethics, having no use for mercy, brotherhood, equality and so like. It repudiates the scientific spirit, not permitting the free pursuit of truth when the conclusions reached would be injurious to the rule that rules the state. And it repudiates the rule of law, substituting for it the capricious decrees of the dictator."

"The issue has become 'we or they,'" Mr. Ilsley said. "If Hitler wins it would be vain to hope that we should stand with the victors in isolation. Too many nations have already lost everything by failing to enter the common struggle until it was too late."

The simple, elevated aims of the right-point declaration framed by

MOTOR LICENSE FEE

REDUCED OCTOBER 1st

Reduction of the Alberta motor license fee will become effective October 1st, when a 40 per cent cut goes into effect for the 1941-42 license year, officials of the provincial secretary's department announced this week. This reduction is usual at this time of the year.

Next January 1st, the license fee will be reduced by 70 per cent, as in previous years. There will be a 20 percent rebate on license plates turned in to the department on or before January 1st.

On September 1st, a 40 per cent reduction in the annual license fee for motor trucks went into effect. A reduction of 75 per cent will be given January First. All licenses expire on March 31st, next.

THANKSGIVING DAY

MONDAY, OCTOBER 13th

Canada this year will observe Thanksgiving Day on October 13th the second Monday in October. This announcement was made recently by Hon. J. P. C. Casgrain, secretary of state, who said a proclamation naming October 13th as the day of "general thanksgiving" will be issued shortly.

Prime Minister Churchill and President Roosevelt formed a secure base for all those opposing Hitler's aggressions.

"How thankful we should be that these stout leaders of the two great nations should be able to agree on this positive and progressive declaration of principle."

Be civil to all; be sociable to many; familiar with few; friend to one; enemy to none.—Benjamin Franklin.

THE LITTLE PEOPLE OF ENGLAND

by Mrs. Vallance S. Patriarche

THEY carry no weapons, wave no banners, chant no stately measures of poesy, these little people of England. Pale clerks, laborers with stiff gaunt hands; old fishermen and young mechanics; housewives, washerwomen, nurse-maids and chaps, and tired children singing underground fit to break your heart.

THEY climb to heights of glory as if born to sacrifice and heroism, scaling the peaks by humble paths and mean alleys which turn to pits of flame; or attaining the summit of valor through dark and cruel descent into the icy waters of the sea. Like soldiers they have borne the shock of fire and shell; like sailors they have gone down unflinchingly to their death in shattered ships; and like aviators they have given their strength to rise 'By Labor to the Stars.'

"NO Abbey walls have space to record the deeds of these simple ones, gone sadly, or gaily to eternity. Their names shall not be graven on stone or painted on glass; no Roll of Honor could set them forth. But the dust of England, the winds which whisper in her trees, the waves which beat upon her shores, shall vibrate with the passion of their courage, the splendor of their sacrifice! Each dawn shall tell how they arose in humble cheerfulness to light their tiny corner of the earth with a candle of faith; each sunset shall be flaming beacon to remind all men of their burning steadfastness."

FEED PRICES RESTRICTED

The prices of milled feed in Canada have been restricted by the price control board. The purpose was to enable farmers to obtain grain and other forms of milled feed at low prices and to prevent them being exported in volume. The control board has reduced the quantity of grain and shorts which may be exported to 25 per cent of production, while middlings may not be exported.

HONOR ROLL

The Recorder would appreciate readers informing us of errors of omission in this list of names compiled from names of men who have joined some branch of the Active Service from the entire district.

To each soldier enlisted, a complimentary copy of the Bassano Recorder is being mailed each week. Before this copy will be mailed, however, a questionnaire must be filled out by the soldier or by one of his relatives or friends. This form may be secured by applying at the Recorder Office. The star beside the name of a soldier in the following list indicates that a copy of the paper is being mailed to him each week. Readers are asked to cooperate, and see that a star appears beside each name by filling out the necessary form.

RAINY HARVEST SEASON IN EUROPE

Fragmentary reports from Europe tell of a rainy harvest season extending right across the continent from the British Isles into Russia.

A rainy harvest is the dread of European farmers, as wheat lodges and becomes a tangled mass, very difficult to cut and thresh.

The European wheat crop is a moderate one this year—about one and a half billion bushels. This is distinctly below the average of recent years, but about 100,000,000 bushels larger than last year.

European farmers are beset by many difficulties, and not the least of these is scarcity of labor.

Barstiffing will be severe and harvest will be widespread across Europe this coming winter. In several years, Europe imports about half a billion bushels of wheat. This year there will be no help from the east.

BAN COARSE GRAIN FOR EXPORT TRADE

Exportation of feed wheat, oats and barley, or mixtures of oats and barley with other feed grains, is prohibited except by special permission from the Federal Department of Trade and Commerce.

On such exportation followed an earlier prohibition of exports of millfeeds from the Dominion, which was imposed recently. A shortage of feeds for hogs and cattle, particularly in Eastern Canada, is the cause of these measures.

Portugal purchased 3,000 tons of Canadian wheat in one week recently, for shipment to the Madeira Islands.
